Contents

No. 1 JANUARY 1970

Elmer Verner McCollum—A Biographical Sketch. *Agatha Ann Rider* ... 1

Effect of Certain Dietary Sugars on Hamster Caries. *Rosemary G. Campbell and Doran D. Zinner* ... 11

Protein Synthesis in Liver and Brain Microsomes Isolated from Rats Fed a High Phenylalanine Diet. *Nathan Rudolph and Joseph J. Betheil* ... 21

Alcohol Consumption and Its Circadian Distribution in Mice. *Gerhard Freund* ... 30

Interrelationship of Dietary Magnesium and Potassium in the Guinea Pig. *N. D. Grace and B. L. O'Dell* ... 37

Effect of Magnesium Deficiency on the Distribution of Water and Cations in the Muscle of the Guinea Pig. *N. D. Grace and B. L. O'Dell* ... 45

Tryptophan and Nitrogen Metabolism and Pregnancy of the Rat as Affected by Dietary Supplementations with Leucine and with Amino Acid Mixtures. *Mary E. Lojkin* ... 51

Zirconium, Niobium, Antimony, Vanadium and Lead in Rats: Life term studies. *Henry A. Schroeder, Marian Mitchener and Alexis P. Nason* 59

Changes in Body Composition in Rats Fed Natural Imbalanced Diets. *Maria E. Rio, Sara J. Closa and Juan C. Sanahuja* ... 69

Effects of Caloric Intake and Feeding Frequency on Carbohydrate Metabolism of the Rat. *Clarence Cohn and Dorothy Joseph* ... 78

Influence of Periodicity of Eating on the Activity of Adipose Tissue and Muscle Glycogen Synthesizing Enzymes in the Rat. *Joyce H. Wiley and Gilbert A. Leveille* ... 85

A Comparison of Tryptophan Pyrrolase Adaptation in Cattle, Sheep, and Rats. *J. R. Carlson and I. A. Dyer* ... 94

Effects of Vitamin E and Essential Fatty Acid Deficiencies on the Intestinal Transport of L-Valine and α-Methyl-D-Glucoside in the Rat. *Riazul H. Imami, Sheldon Reiser and Philip A. Christiansen* ... 101

Effect of Vitamin B_6 Depletion in Adult Man on the Excretion of Cystathionine and Other Methionine Metabolites. *Youngmee Kang Park and Hellen Linkswiler* ... 110

Production of Urinary Calculi in Vitamin B_6-deficient Male, Female and Castrated Male Rats. *Stanley N. Gershoff* ... 117

Effect of Magnesium Deficiency in Growing Rats on Synthesis of Liver Proteins and Serum Albumin. *R. Schwartz, N. A. Woodcock, J. D. Blakely, F. L. Wang and E. A. Khairallah* ... 123

Bone Growth in the Hypovitaminotic A Calf. *A. M. Gallina, C. F. Helmboldt, H. I. Frier, S. W. Nielsen and H. D. Eaton* ... 129

The Journal of Nutrition Guide for Authors ... 143

No. 2 FEBRUARY 1970

Behavioral Abnormalities in Young Adult Pigs Caused by Malnutrition in Early Life. *Richard H. Barnes, A. Ulric Moore and Wilson G. Pond* .. 149

Changes in Fatty Acid Composition of Cockerel Testes Due to Age and Fat Deficiency. *Dennis Nugara and Hardy M. Edwards, Jr.* 156

Ammonia Metabolism in Rumen Bacteria and Mucosa from Sheep Fed Soy Protein or Urea. *William Chalupa, Jimmy Clark, Pamela Opliger and Robert Lavker* 161

Detoxication of Ammonia in Sheep Fed Soy Protein or Urea. *William Chalupa, Jimmy Clark, Pamela Opliger and Robert Lavker* 170

Influence of Protein and Caloric Intake upon Spontaneous Tumor Incidence of the Anterior Pituitary Gland of the Rat. *Morris H. Ross, Gerrit Bras and M. S. Ragbeer* 177

Characterization of Vitamin K from the Contents of Bovine Rumen. *John T. Matschiner* 190

Metabolism of Thiamin in the Hyperthyroid Rat. *H. Appledorf and S. R. Tannenbaum* 193

Effects of Starvation on the Fatty Acid Composition of Adipose Tissue and Plasma Lipids of Sheep. *H. D. Jackson and V. W. Winkler* 201

Effect of Dietary Carbohydrate and Fat on Amino Acid-degrading Enzymes in Relation to Their Protein Sparing Action. *Kiwao Nakano and Kiyoshi Ashida* 208

Biochemical and Histological Study of Guinea Pig Fetal and Uterine Tissue in Ascorbic Acid Deficiency. *Jerry M. Rivers, Lennart Krook and Sister Auréa Cormier* 217

Effect of Vitamin D Deficiency and the Role of Citrate in Kidney Calcification of Magnesium-deficient Rats. *Mary Jacob and R. M. Forbes* 228

Effect of Source and Level of Protein on Mineral Utilization by the Baby Pig. *D. G. Hendricks, E. R. Miller, D. E. Ullrey, J. A. Hoefer and R. W. Luecke* 235

Effects of Methionine and Valine on Antibody Production in Chicks Infected with Newcastle Disease Virus. *K. K. Bhargava, R. P. Hanson and M. L. Sunde* 241

Dietary Protein Level and Uric Acid Metabolism in Normal Man. *Jean Bowering, Doris Howes Calloway, Sheldon Margen and Nathan A. Kaufmann* 249

Energetics of Sheep Concerned with the Utilization of Acetic Acid. *L. S. Bull, J. T. Reid and D. E. Johnson* 262

No. 3 MARCH 1970

Effect of Dietary Carbohydrate on Assessment of the Leucine Need for Maintenance of Adult Swine. *D. H. Baker and Gary L. Allee* 277

Estimates on the Availability of Amino Acids in Soybean Oil Meal as Determined by Chick Growth Assay: Methodology as Applied to Lysine. *S. P. Netke and H. M. Scott* 281

Effect of Pectin, a Hypocholesterolemic Polysaccharide, on Vitamin A Utilization in the Rat. *W. E. J. Phillips and R. L. Brien* 289

Biological Availability of the Fluoride of Fish Protein Concentrate in the Rat. *I. Zipkin, Sergio M. Zucas and Bruce R. Stillings* 293

Effect of Dietary Protein on the Enzyme from Rat and Human Intestine Which Converts β-Carotene to Retinal. *Anna Gronowska-Senger and George Wolf* 300

Hepatic Protein Metabolism in the Infant Rat. *Dorice M. Czajka, S. A. Miller and A. B. Browning* 309

Effects of Nutritional Status on Rat Brain Maturation as Measured by Lipid Composition. *R. L. Geison and Harry A. Waisman* 315

Histopathology of Zinc-deficient Fetal Rats. *Israel Diamond and Lucille S. Hurley* 325

Urea and Amino Acid Supplementation of Swine Diets. *E. T. Kornegay, V. Mosanghini and R. D. Snee* 330

Effect of Some Copper Antagonists on Induction of Ceruloplasmin in the Rat. *P. D. Whanger and P. H. Weswig* 341

Amino Acids in Equine Cecal Contents, Cecal Bacteria and Serum. *C. M. Reitnour, J. P. Baker, G. E. Mitchell, Jr., C. O. Little and D. D. Kratzer*

The Fatty Acids of Adrenal Lipids from Essential Fatty Acid-deficient Rats. *Brian L. Walker* 355

Pancreatic Enzyme Pattern in Rats as Affected by Dietary Soybean Flour. *A. M. Konijn, Y. Birk and K. Guggenheim* 361

Influence of Pyridoxine on Tyrosine Transaminase Activity in Maternal and Fetal Rat Liver. *Sandra S. Susten and Avanelle Kirksey* 369

Triglyceride Transport in Protein-depleted Rats. *Hernando Flores, Walter Sierralta and Fernando Monckeberg* 375

Letters 380

No. 4 APRIL 1970

Effects of Pyrithiamin Injection into the Brain of Rats. *G. Rindi and G. Sciorelli* 381

Rice-based Protein Mixtures: Immune and Hepatic Responses in Rats. *Felicitas Piedad-Pascual, Lotte Arnrich and Mary Alice Kenney* 389

Lipotropic Effect of Dextrin Versus Sucrose in Choline-deficient Rats. *A. Chalvardjian and Sharon Stephens* 397

Acute Induction of Soft Tissue Calcification with Transient Hyperphosphatemia in the KK Mouse by Modification in Dietary Contents of Calcium, Phosphorus, and Magnesium. *Yukihiko Hamuro, Akio Shino and Ziro Suzuoki* 404

Studies on Vitamin E Action: Peroxidation Inhibition in Structural Protein-lipid Micelle Complexes Derived from Rat Liver Microsomal Membranes. *Harold M. Tinberg and Albert A. Barber* 413

Metabolism of Glutamic Acid, Valine and Arginine by the Lactating Goat. *A. R. Egan, F. Moller and A. L. Black* 419

Amino Acid Balance and Food Intake: Effect of Different Dietary Amino Acid Patterns on the Plasma Amino Acid Pattern of Rats. *Y. Peng and A. E. Harper* 429

Enzymes and Metabolites of Intermediary Metabolism in Urea-fed Sheep. *R. L. Prior, A. J. Clifford, D. E. Hogue and W. J. Visek* 438

Electron-microscopic Studies of the Jejunal Epithelium from Neonatal Pigs Fed Different Diets. *Carolyn W. Broughton and J. G. Lecce* .. 445

Metabolic Adaptations in Meal-fed Rats: Effects of Increased Meal Frequency or Ad Libitum Feeding in Rats Previously Adapted to a Single Daily Meal. *Kathleen L. Muiruri and Gilbert A. Leveille* 450

Comparison of the Essential Amino Acid, Nitrogen and Calorie Requirements of the Weanling Rat and Breast-fed Infant. *F. W. Bernhart* 461

Pyridoxine Effects of Cystathionine Synthase in Rat Liver. *James D. Finkelstein and Frances T. Chalmers* 467

Effect of Zinc Deficiency on Maintenance of Pregnancy in the Rat. *Jean Apgar* 470

Rat Liver Plasma Membranes in Essential Fatty Acid Deficiency. *N. Chandrasekhara and K. Ananth Narayan* 477

Notice of Index Frequency 481

No. 5 MAY 1970

Barend Coenraad Petrus Jansen — A Biographical Sketch. *Jan Van Eys* .. 483

Effect of Zinc Deficiency and Restricted Feeding on Protein and Ribonucleic Acid Metabolism of Rat Brain. *Robert M. O'Neal, Gwendolyn W. Pla, M. R. Spivey Fox, Faye S. Gibson and Bert E. Fry, Jr.* 491

Qualitative Adequacy of a Chemically Defined Liquid Diet for Reproducing Germfree Mice. *Julian R. Pleasants, Bandaru S. Reddy and Bernard S. Wostmann* 498

Food Intake Depression and Other Metabolic Effects of Tannic Acid in the Rat. *Z. Glick and M. A. Joslyn* 509

Effect of Tannic Acid and Related Compounds on the Absorption and Utilization of Proteins in the Rat. *Z. Glick and M. A. Joslyn* 516

Synergism Between Cobalt and Ethanol on Rat Growth Rate. *R. F. Derr, H. Aaker, C. S. Alexander and H. T. Nagasawa* 521

Effect of Avitaminosis E on the Incorporation of ^{35}S-sulfate by Rat Tissue Components. *Sara F. Fulton and John T. Smith* 525

Effect of Protein Deficiency during Gestation on Postnatal Cellular Development in the Young Rat. *Frances J. Zeman* 530

In Vitro Androgen Metabolism by Fat-deficient Cockerel Testes and Uropygial Gland. *Denis Nugara and Hardy M. Edwards, Jr.* 539

Nutritional Contribution of Volatile Fatty Acids from the Cecum of Rats. *M. G. Yang, K. Manoharan and O. Mickelsen* 545

Effect of Water Restriction on Nitrogen Metabolism in Bovine Fed Two Levels of Nitrogen. *P. R. Utley, N. W. Bradley and J. A. Boling* 551

In Vitro Hemolysis as Related to Rat Erythrocyte Content of α-Tocopherol and Polyunsaturated Fatty Acids. *J. G. Bieri and R. K. H. Poukka* ... 557

Relationship of Various Blood Metabolites to Voluntary Feed Intake in Lactating Ewes. *F. W. Thye, R. G. Warner and P. D. Miller* 565

Carob Tannins — Growth Depression and Levels of Insoluble Nitrogen in the Digestive Tract of Rats. *Musha Tamir and Eugenia Alumot* 573

Hepatic Composition and Metabolism after Ethanol Consumption in Rats Fed Liquid Purified Diets. *W. L. Banks, Jr., E. S. Kline and E. S. Higgins* 581

The Journal of Nutrition Guide for Authors 595

No. 6 JUNE 1970

Invitation for Nominations for 1971 American Institute of Nutrition Awards 601

Invitation for Nominations for 1971 American Institute of Nutrition Fellows 603

Embryo Mortality in Quail Induced by Cyclopropene Fatty Acids: Reduction by Maternal Diets High in Unsaturated Fatty Acids. *W. E. Donaldson and B. L. Fites* 605

Studies on the Role of L-α-Amino-δ-Hydroxyvaleric Acid in the Nutrition of the Young Chick. *R. M. Leach, Jr., J. F. Thompson and C. J. Morris* . 611

Hepatic Gluconeogenesis and Glycolysis in Chickens Fed "Carbohydrate-free" Diets. *John B. Allred and Karla L. Roehrig* 615

Protein Feeding of Rats After Protein Starvation: Incorporation of Amino Acid into Polypeptide by Skeletal Muscle Polyribosomes. *Alexandra Von der Decken and P. T. Omstedt* 623

Fluoride and Nutritional Osteoporosis: Physicochemical Data on Bones from an Experimental Study in Dogs. *Per-Åke Henrikson, Leo Lutwak, Lennart Krook, Rodney Skogerboe, Francis Kallfelz, Leonard F. Bélanger, John R. Marier, Ben E. Sheffy, Bertil Romanus and Carl Hirsch* 631

Congenital Ataxia and Otolith Defects Due to Manganese Deficiency in Mice. *Lawrence Erway, Lucille S. Hurley and Alex S. Fraser* 643

Effect of Prolonged Food Reduction on the Rat Parotid Gland and Exocrine Pancreas. *Amos Buchner and Leo M. Sreebny* 655

Interaction between Methionine, Fat and Choline in the Young Rat. *Georgann S. Percival, Sylvia H. Dunn, Jean M. Howe and Helen E. Clark* .. 664

A New Method for the Estimation of Percentage of Absorbed Nitrogen Retained by Rats and Pigs. *Shu Furuya, Seiya Takahashi and Kenichi Kameoka* 671

Chemical Pathology of Acute Amino Acid Deficiencies: Studies on Hepatic Enzymes in Rats Force-fed a Threonine-devoid Diet. *Herschel Sidransky, D. S. Wagle, Mary Bongiorno and Ethel Verney* 678

Maze Studies on Progeny of Underfed Mother Rats. *M. Simonson and B. F. Chow* 685

Periodicity of Food Intake and Lipogenesis in Rats Subjected to Two Different Feeding Plans. *Toshizo Kimura, Taizo Maji and Kiyoshi Ashida* 691

Effect of Lithocholic Acid and Antibiotics on Tissue Bile Acids in the Rat. *P. P. Nair, Consolacion Garcia-Lilis and A. I. Mendeloff* 698

Letters 705

Erratum (Crompton, D. W. T., and M. C. Nesheim, *99:* 43) 707

Erratum (Whanger, P. D., and P. H. Weswig, *100:* 341) 709

No. 7 JULY 1970

Effect of Coprophagy Prevention and Antibiotics on Choline Degradation in Rats. *Eva Kwong and Richard H. Barnes* 711

Effects of Exogenous Hormones on the Male Reproductive Organs of Vitamin A-deficient Rats. *B. Ahluwalia and J. G. Bieri* 715

Absorption by the Rat of Nonvolatile Oxidation Products of Labeled Randomized Corn Oil. *Edward G. Perkins, Siloo M. Vachha and Fred A. Kummerow* 725

Effects of Diet and Altitude on the Body Composition of Rats. *Kenneth S. K. Chinn and John P. Hannon* 732

Separation of a Mouse Growth Inhibitor in Soybeans from Trypsin Inhibitors. *D. J. Schingoethe, S. D. Aust and J. W. Thomas* 739

Effect of Fluoride on Glycolytic and Citric Acid Cycle Metabolites in Rat Liver. *T. R. Shearer and J. W. Suttie* 749

Effect of Dietary *Sterculia foetida* Oil on Pine-white Discoloration and Fatty Acid Distribution in Stored Eggs. *Atef M. Abou-Ashour and Hardy M. Edwards, Jr.* 757

Effect of Intermittent Fasting before Pregnancy upon Maternal Fasting as a Teratogen in Mice. *Mitsuyo Terada* 767

Tissue Lysosomal Enzyme Changes in Selenium-deficient Myopathic Lambs. *P. D. Whanger, P. H. Weswig, O. H. Muth and J. E. Oldfield* 773

Adrenergic Mechanisms in Choline-deficient Rats. *C. C. Kratzing, G. A. Wetzig and C. P. Ellway* 781

Influence of Dietary Heat-labile Factors in Soybean Meal upon Bile Acid Pools and Turnover in the Chick. *J. A. Serafin and M. C. Nesheim* 786

Impaired Lipid and Vitamin E Absorption Related to Atrophy of the Pancreas in Selenium-deficient Chicks. *J. N. Thompson and M. L. Scott* 797

Protein Digestion and Amino Acid Absorption in the Cayman. *Roland A. Coulson and Thomas Hernandez* 810

Effect of Dietary Amino Acids on Amino Acid-catabolizing Enzymes in Rat Liver. *Kiwao Nakano, Tetsuya Kishi, Nobuyuki Kurita and Kiyoshi Ashida* 827

Effect of Periodic Fasting and Refeeding on Rat Kidney Cortex Enzymes, Gluconeogenesis and Water Intake Pattern. *Helen M. Tepperman, Pavel Fábry and Jay Tepperman* 837

Nitrogen Balance Responses of Young Men to Lysine Supplementation of Bread. *Harold L. Rice, A. Cornwell Shuman, Robert H. Matthias and Nestor W. Flodin* 847

Role of Kidney Arginase in Variations of the Arginine Requirement of Chicks. *R. E. Austic and M. C. Nesheim* 855

Invitation for Nominations 869

No. 8 AUGUST 1970

Digestion of Heat-damaged Egg Albumen by the Rat. *José Valle-Riestra and Richard H. Barnes* 873

Nondisplacement of Rat Tissue Riboflavin by 7-Chloro-8-methyl-flavin and the Stimulation of Intestinal Synthesis of Riboflavin. *John P. Lambooy, Robert A. Scala and Esther Homan* 883

Effects of High but Nontoxic Levels of Zinc in Practical Diets on ^{65}Zn and Zinc Metabolism in Holstein Calves. *W. J. Miller, D. M. Blackmon, R. P. Gentry and F. M. Pate* 893

Effect of Zinc Deficiency on Sulfur-35 and Hexosamine Metabolism in the Epiphyseal Plate and Primary Spongiosa of the Chick. *Forrest H. Nielsen, Richard P. Dowdy and Zigmund Z. Ziporin* 903

Utilization of L-Methionine Sulfoxide by the Rat. *Sanford A. Miller, Steven R. Tannenbaum and Anna W. Seitz* 909

Influence of Dietary Lipid on Lipogenesis and on the Activity of Malic Enzyme and Citrate Cleavage Enzyme in Liver of the Growing Chick. *Yu-Yan Yeh, Gilbert A. Leveille and Joyce H. Wiley* 917

Lysine Requirement of the Growing Rat: Plasma-free Lysine as a Response Criterion. *W. L. Stockland, R. J. Meade and A. L. Melliere* 925

Urinary Methylmalonate and Hepatic Methylmalonyl Coenzyme A Mutase Activity in the Vitamin B_{12}-deficient Rat. *Elizabeth B. Reed and Harold Tarver* 935

Effects of Dietary Zinc and Calcium on the Retention and Distribution of Zinc in Rats Fed Semipurified Diets. *Agnes M. Huber and Stanley N. Gershoff* 949

Calcium Metabolism in Ponies Fed Varying Levels of Calcium. *H. F. Schryver, P. H. Craig and H. F. Hintz* 955

The Relation of Dietary Choline and Methionine to Phospholipid Synthesis in the Rat. *James H. Haggard and Paul F. Parks* 965

Clay Ingestion (Geophagia) as a Source of Zinc for Rats. *J. Cecil Smith, Jr. and James A. Halsted* 973

Inhibition of Calcium Absorption and Elevation of Calcium Removal Rate from Bone in Fluoride-treated Calves. *C. F. Ramberg, Jr., J. M. Phang, G. P. Mayer, A. I. Norberg and D. S. Kronfeld* 981

Cardiac Metabolism in Thiamin Deficiency in Rats. *D. W. McCandless, C. Hanson, K. V. Speeg, Jr. and S. Schenker* 991

Nutritional Effects Induced in Rats by Feeding Natural and Synthetic Trypsin Inhibitors. *M. L. Kakade, Nancy Simons and I. E. Liener* .. 1003

Invitation for Nominations 1009

No. 9 SEPTEMBER 1970

Ernest Browning Forbes — A Biographical Sketch. *Alex Black* 1013

The Contribution of Maternal Iron Stores to Fetal Iron in Rats. *M. J. Murray and Nell Stein* 1023

Interrelations of Diet-induced Changes in Hexosemonophosphate Shunt Dehydrogenases with RNA Metabolism in Rat Liver Slices. *Sara A. de la Garza, Helen M. Tepperman and Jay Tepperman* 1027

Comparative Hematology during Deficiencies of Iron and Vitamin A in the Rat. *Ezzat K. Amine, Joyce Corey, D. M. Hegsted and K. C. Hayes* 1033

Dietary Obesity in Rats: Body Weight and Body Fat Accretion in Seven Strains of Rats. *Rachel Schemmel, Olaf Mickelsen and J. L. Gill* 1041

Biological Activity of 25-Hydroxyergocalciferol in Rats. *T. Suda, H. F. DeLuca and Y. Tanaka* 1049

Isolation and Identification of the Pyrimidine Moiety of Thiamin in Rat Urine Using Gas Chromatography-Mass Spectrometry. *William W. White, III, William H. Amos, Jr. and Robert A. Neal* 1053

A New Approach to Erythrocyte Transketolase Measurement. *L. G. Warnock* 1057

Dietary Amino Acids and Immune Response in Rats. *Mary Alice Kenney, Joan Linder Magee and Felicitas Piedad-Pascual* 1063

Significance of Insulin in the Metabolic Adaptation of Rats to Meal Ingestion. *Joyce H. Wiley and Gilbert A. Leveille* 1073

Elevation of Systolic Blood Pressure in Rats Fed Diets Containing Fish and Soybean Proteins. *Montharop S. Chakkaphak and Ira J. Lichton* 1081

Effects of Maternal Dietary Lipotropes on Prenatal and Neonatal Rats. *Paul M. Newberne, Antti Ahlstrom and Adrianne E. Rogers* 1089

Vitamin E–Lipid Relationships in Premature Infants. *Samuel Gross and Miranda V. Guilford* 1099

Nutrition of Salmonoid Fishes: Arginine and Histidine Requirements of Chinook and Coho Salmon. *Richard G. Klein and John E. Halver* .. 1105

Interactions of Methionine, Vitamin E, and Antioxidants in Selenium Toxicity in the Rat. *O. A. Levander and V. C. Morris* 1111

Letters 1119

No. 10 OCTOBER 1970

Effects of Nitrogen Fertilization on the Thyroid Function of Rats Fed 40% Orchard Grass Diets. *C. Lee, R. Weiss and D. J. Horvath* ... 1121

The Site of Calcium Absorption in the Horse. *H. F. Schryver, P. H. Craig, H. F. Hintz, D. E. Hogue and J. E. Lowe* 1127

Influence of Grain Processing on in vitro Enzymatic Starch Digestion of Barley and Sorghum Grain. *H. F. Osman, Brent Theurer, W. H. Hale and S. M. Mehen* 1133

Inhibition of Cholesterol Deposition in Livers of Mice Fed Phytosterols in Short-term Experiments. *M. Katz, I. Bartov, P. Budowski and A. Bondi* 1141

Influence of Acute Nutritional Stress on Polyribosomes and Protein Synthesis in Brain and Liver of Young Rats. *Ian M. Reid, Ethel Verney and Herschel Sidransky* 1149

Effect of Maternal Diet in Rats on Feed Consumption of the Offspring. *A. M. Hsueh, R. Q. Blackwell and B. F. Chow* 1157

Effect of Diets of Different Protein Values on the Development of Osteolathyrism in Rats Given β-Aminopropionitrile. *Sabry Riad Morcos* 1165

Efficiency of Protein Utilization in Young Rats at Various Levels of Intake. *D. M. Hegsted and R. Neff* 1173

Intestinal Absorption of Sodium and Potassium in the Laying Fowl. *Shmuel Hurwitz, A. Bar and T. W. Clarkson* 1181

Zinc Deficiency and Urinary Excretion of Taurine-^{35}S and Inorganic Sulfate-^{35}S Following Cystine-^{35}S Injection in Rats. *J. M. Hsu and W. L. Anthony* 1189

Skeletal and Plasma Calcium Changes in Chicks during Recovery from Vitamin D Deficiency with Normal and Low Calcium Intakes. *Paul A. Thornton* 1197

Effect of Glycine and Serine on Methionine Metabolism in Rats Fed Diets High in Methionine. *N. J. Benevenga and A. E. Harper* 1205

Effects of Deficiencies in Labile Methyl Groups on the Growth and Development of Fetal Rats. *James C. Woodard* 1215

Recovery of Radioactive Chromic Oxide from the Bovine Gastrointestinal Tract. *P. R. Utley, J. A. Boling, N. W. Bradley and R. E. Tucker* .. 1227

Proceedings of the Thirty-fourth Annual Meeting of the American Institute of Nutrition. Shelburne Hotel, Atlantic City, New Jersey, April 12–17, 1970 1233

No. 11 NOVEMBER 1970

Liver Polysome Patterns of Rats Fed Amino Acid Imbalanced Diets. *A. W. Pronczuk, Q. R. Rogers and H. N. Munro* 1249

^{65}Zn Absorption Rate Following Single Duodenal Dosing in Calves Fed Zinc-deficient or Control Diets. *F. M. Pate, W. J. Miller, D. M. Blackmon and R. P. Gentry* 1259

Effect of Age on Glucose, Reducing Sugars and Plasma Insulin in Blood of Milk-fed Calves. *J. W. Young, E. O. Otchere, A. Trenkle and N. L. Jacobson* 1267

Effect of Level of Total Nitrogen Intake on Second Limiting Amino Acid in Corn for Humans. *Constance Kies and Hazel Metz Fox* 1275

Comparison of Scandium-46 and Cerium-144 as Nonabsorbed Reference Materials in Studies with Cattle. *J. K. Miller and W. F. Byrne* 1287

Qualitative Assessment of Supplemental Amino Acid Needs for Growing Lambs Fed Urea as the Sole Nitrogen Source. *K. Nimrick, E. E. Hatfield, J. Kaminski and F. N. Owens* 1293

Quantitative Assessment of Supplemental Amino Acid Needs for Growing Lambs Fed Urea as the Sole Nitrogen Source. *K. Nimrick, E. E. Hatfield, J. Kaminski and F. N. Owens* 1301

Effect of Curcumin on Serum and Liver Cholesterol Levels in the Rat. *D. Subba Rao, N. Chandra Sekhara, M. N. Satyanarayana and M. Srinivasan* 1307

Effect of Dietary Egg and Carbohydrate on Hexosemonophosphate Shunt Dehydrogenases and Lipids of Liver in Rats. *Mei Ling W. Chang, Jo Ann Lee and David L. Trout* 1317

Effects of Short-chain Fatty Acids, Feeding, Fasting and Type of Diet on Plasma Insulin Levels in Sheep. *Allen Trenkle* 1323

Effect of Long-term Physical Exercise on Bile Sterols, Fecal Fat and Fatty Acid Metabolism in Rats. *V. Šimko, R. Ondreička, V. Chorváthová and P. Bobek* 1331

Influence of Dietary 1,3-Butanediol on Metabolites and Enzymes Involved in Gluconeogenesis and Lipogenesis in Rats. *Myron A. Mehlman, Richard B. Tobin and James B. Johnston* 1341

Effect of Dietary *Sterculia foetida* Oil on the Migration of ^{59}Fe across the Egg Yolk Vitelline Membrane to Albumen in Stored Eggs. *Atef M. Abou-Ashour and Hardy M. Edwards, Jr.* 1347

Nitrogen and Amino Acids in the Feces of Young Pigs Receiving a Protein-free Diet and Diets Containing Graded Levels of Soybean Oil Meal or Casein. *Kathleen H. Carlson and H. S. Bayley* 1353

Response of Adult Rats to Low Dietary Levels of Essential Amino Acids. *A. K. Said and D. M. Hegsted* 1363

No. 12 DECEMBER 1970

Causes of the Increased Requirement for Vitamin B_{12} in Rats Subsisting on an Unheated Soybean Flour Diet. *S. Edelstein and K. Guggenheim* 1377

Selenium Content of Foods. *V. C. Morris and O. A. Levander* 1383

Hepatic Fatty Acid Synthesis and Plasma Free Fatty Acid Levels in Chicks Subjected to Short Periods of Food Restriction and Refeeding. *Yu-Yan Yeh and Gilbert A. Leveille* 1389

Effect of Dietary Molybdenum and Sulfate upon Urinary Excretion of Copper in Sheep. *N. A. Marcilese, C. B. Ammerman, R. M. Valsecchi, B. G. Dunavant and G. K. Davis* 1399

Effect of Acylcarnitines on Pyruvate Metabolism in Liver Mitochondria from Thiamin-deficient Rats. *R. J. Paquet, M. A. Mehlman, R. B. Tobin and E. M. Sporn* 1407

Availability of Fluoride from Fish Protein Concentrate and from Sodium Fluoride in Man. *Herta Spencer, Dace Osis, Emilie Wiatrowski and Joseph Samachson* 1415

Effect of Level of Protein Intake on Urinary and Fecal Calcium and Calcium Retention of Young Adult Males. *Nancy E. Johnson, Emerita N. Alcantara and Hellen Linkswiler* 1425

Dietary Orotic Acid and Lipogenesis in the Rat. *G. J. Klain, F. J. Sullivan and A. W. Meikle* 1431

Meadow Vole Nutrition Studies with Semisynthetic Diets. *J. S. Shenk, F. C. Elliott and J. W. Thomas* 1437

Nickel Toxicity in the Young Bovine. *Glen D. O'Dell, W. J. Miller, W. A. King, S. L. Moore and D. M. Blackmon* 1447

Influence of a Low Casein Diet on Malate Dehydrogenase Activity of Rat Liver Mitochondria and Homogenate Disrupted by Various Treatments. *Naoko Harada, Miyoko Ishibashi, Tei Sato and Yasue Hamazima* 1455

Effect of Ovarian Steroids on Maintenance of Pregnancy in Rats Fed Diets Devoid of One Essential Amino Acid. *Yoshiaki Niiyama, Kyoichi Kishi and Goro Inoue* 1461

Evidence for a Linear Correlation between the Level of Dietary Tryptophan and Hepatic NAD Concentration and for a Systematic Variation in Tissue NAD Concentration in the Mouse and the Rat. *Michael C. Powanda and Robert W. Wannemacher, Jr.* 1471

Influence of Exogenous Ascorbic Acid on Calcium and Phosphorus Metabolism in the Chick. *Paul A. Thornton* 1479

An Agent Promoting Growth of Rats Fed Amino Acid Diets (Factor G). *Klaus Schwarz* 1487

Aorta and Other Soft Tissue Calcification in the Magnesium-deficient Rat. *W. M. Britton and E. L. R. Stokstad* 1501

Erratum (Hsueh, A. M., R. Q. Blackwell and B. F. Chow, *100:* 1157) ... 1507
